

Dear All,

In the rush to get the e-newsletter out before the long-weekend I forgot to include two items, so this is part 2 of e-newsletter No. 13 (October 2004). Sorry for the inconvenience.

6. Multi-Unit BASIX on Exhibition

BASIX for multi-unit residential development is now on exhibition. The supporting information and training session dates (7/10 to 3/11) are available on the site. The full tool, including an on-line example will be available from the 18/10/04. So get onto the site and run a few scenarios through to see how it works. Submissions are due by the 12th November 2004.

<http://www.basix.nsw.gov.au/information/index.jsp>

The site can also be accessed from the WSUD links page on the wsud.org website.

7. Future Sustainability Related Seminars & Events

I have listed future events that relate to water/sustainability on the seminars and events page. If you have a related event/seminar coming up please email me the details and I will endeavour to put it up.

<http://www.wsud.org/seminar.htm>

Please forward this on to colleagues who may be interested in WSUD.

If this e-newsletter was forwarded to you & you want to receive future e-newsletters please send an email to info@wsud.org and put **join** in the subject line.

If you want to be removed from this list email info@wsud.org with **remove** in the subject line.

Regards

John Dahlenburg
